INTERNSHIP

Full Stack Web Development Intern

Tech Mindsparc Innovations Pvt. Ltd.

June 2025 – September 2025

- Completed a structured internship in full-stack web development, working on both front-end and back-end concepts.
- Built and improved responsive web applications using modern web technologies (HTML, CSS, JavaScript).
- Gained hands-on experience in designing, debugging, and optimizing web-based solutions.

PROJECTS

DermaNutri-AI

DermaNutri AI is a web app that provides personalized diet and skincare routines for different skin conditions.

glow-guide

skincare routine for your skin concern.

cryptography

Implemented cryptographic algorithms including Caesar Cipher, Rail Fence Cipher, and Diffie–Hellman Key Exchange to perform secure encryption and decryption of messages. The project demonstrates classical and modern cryptography concepts for secure communication.

SKILLS

Languages: Python, C

Web Technologies: HTML, CSS, JavaScript

Core Subjects: Operating Systems, DBMS, Computer Networks, OOPs

Tools: Git, VS Code
CERTIFICATIONS

- Advanced Python Programming – Tech Mindsparc Innovations Pvt. Ltd. (3-Month Internship)
- Full Stack Web Development – Tech Mindsparc Innovations Pvt. Ltd.
